
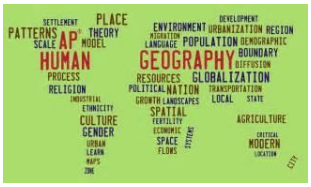
AP Human Geography Summer Assignment 2017-18 Ponte Vedra High School

Mr. Pickard and Ms. Alonzo



Welcome to AP Human Geography! We are excited to have you join us for what will be a fascinating and detailed look at the world we live in today through the various facets of our spatial existence. This course will introduce you to the study of the patterns and processes that have shaped the way that humans understand, use, and alter the Earth's surface. We will study how geography affects other human endeavors, such as population issues, culture, politics, economics, agriculture, industry, and urbanization. In a 36-week-course, we will only be able to scratch the surface of Human Geography, so it is important that we start our learning process before the fall semester begins. To prepare you for our journey around the world, you must complete the following assignment s by the first day of school: THURSDAY AUGUST 10, 2017. This assignment is a microcosm of what we will address over the course of the upcoming year.

- **Map Packet**

Directions: For each map read objective and clearly label the letters and numbers on each map provided with their correct continent, ocean, country, region, state or other geographical identification.

Study these maps this summer. We will test your knowledge on these locations throughout the year through announced and unannounced quizzes.

BE MINDFUL – THIS ASSIGNMENT IS NOT MEANT FOR YOU TO COMPLETE IN A DAY (or at 2 AM the day before school starts). YOU SHOULD WORK ON THIS ASSIGNMENT PROGRESSIVELY THROUGHOUT THE SUMMER. THIS SUMMER AS SIGNEMENT WILL BE ONE OF YOUR FIRST GRADES IN THE AP HUMAN GEOPGRAPHY COURSE.

We look forward to seeing you on the first day of school!

"Geography has made us neighbors. History has made us friends.
Economics has made us partners, and necessity has made us allies."
~John F. Kennedy
