INTENT TO DROP

Students and parents may decide not to continue in the Academy program for the upcoming year.

If a student intends to drop the Academy for the upcoming year, the official INTENT TO DROP form must be completed and submitted by the deadline. Students will not be re-admitted to an Academy after choosing to withdraw from the program.

The deadline information and Intent to Drop form will be communicated by January. Check Schoology, website and Sharkbytes regularly to stay informed.

Requests to drop from an Academy after the deadline will not be approved.
