

## AP Language and Composition

### RECOMMENDED summer reading

There is no required summer reading for AP Language.

The focus of AP Language is non-fiction. Should students wish to do any reading to help them prepare, the book *How To Read NonFiction Like a Professor* by Thomas C. Foster can be useful.

As well, reading nonfiction essays and articles on a variety of topics can be helpful. This will give students experience in a variety of writing styles, topics and help build essential vocabulary.
